

150a large single lithium battery pack

The Lithium-Ion PowerBrick battery 12V-150Ah offers high level of safety through the use of cylindrical cells in Lithium Ferro Phosphate technology (LiFePO₄ or LFP).

The Epsilon 12V150Ah Lithium Iron Phosphate battery has the highest capacity in a standard casing available on the market. The highly sophisticated and integrated BMS brings safety, functionality, and ...

SmartPropel Lithium Iron Phosphate Battery 12V 150Ah enables auto-balance function and support flexibility for battery connection.

Application: NPP lithium battery is perfect for used in marine environments for powering electric boat motors, navigation systems, depth sounders, and other essential equipment for fishing boats, leisure ...

The 72V 150Ah lithium battery is the best choice to replace lead-acid batteries. It uses high-quality LiFePO₄ cells that provide high energy density and stable discharge performance.

This Enjoybot 12V 150Ah lithium battery packs 50% more juice than the 100Ah LiFePO₄ and a whopping 250% more than a 100Ah lead-acid battery, all in the same compact size.

Our engineers have design and tested a complete battery system that replaces outdated lead acid batteries. Easy installation and the batteries require ZERO Maintenance.

Optimized for fast charging and stable performance in extreme temperatures (-20°C to 60°C). Perfect for residential and commercial solar setups, providing reliable off-grid or hybrid energy storage with high ...

If you're looking for top-notch performance, a 150 ah lithium battery is your friend. They're lighter, last longer, and give you steady power compared to older lead-acid types.

12V 150Ah LiFePO₄ Battery with 100A BMS, Low-Temp Protection, MAX 1920Wh Lithium Battery, 8000+ Cycles. Perfect for RVs, Solar Systems, Trolling Motors, Boats.
