

Distributed multifunctional energy storage device

Written by international experts in the field, Distributed Energy Storage in Urban Smart Grids offers valuable insights to researchers and professionals from academic institutions, grid operators and the ...

What u did by deleting all entries in the registry for GUID {1B562E86-B7AA-4131-BADC-B6F3A001407E} in the eventlog is it not the same as what Vaio 7 did by setting 0 to the dword to ...

Regulatory guidance and proactive policies are urgently needed to ensure a smooth rollout of this technology. This book collects recent contributions of methodologies applied to the integration of ...

This collection of recent contributions addresses the development of methodologies applied to the integration of distributed energy storage devices in smart power systems.

Inside W10's Event Viewer, I see an error with ID of 10016 (DistributedCOM). Its error description is - The application-specific permission settings d

A high-temperature immiscible blend of two dipolar polymers that self-assemble into three-dimensional all-polymer nanocomposites allows markedly enhanced dielectric and energy ...

Also, the outcome is that, under normal conditions, the Microsoft Distributed Transaction Coordinator (MSDTC) service establishes a secure connection with the local System (Computer), not ...

Update: Just came back from re-installing and re-registering all Windows Store Apps (even the Store itself I noticed) and still having the same issue. Did a reboot just in case after ...

The articles can be sorted into three themes: 1) advanced energy storage devices, including batteries and supercapacitors; 2) energy harvesting devices, including photovoltaic cells, thermoelectric ...

I just installed Windows 10 1607 anniversary edition clean & I seeing this error in event viewer The server {9BA05972-F6A8-11CF-A442-00A0C90A8F39}

Among various EESDs, advanced flexible or stretchable devices offer better functionality than conventional rigid glass-based devices and are easily integrated with any curved surface.

Based on the metrics of the power cumulative cost and the service reliability to users, we formally model and analyze the impact of integrating distributed energy resources and storage devices in the power ...

I am having a number of events that seem to be located repeatedly with the source: DistributedCOM Event ID: 10010 and Event ID: 10016 also getting rep

The papers in this special issue span a variety of important and interesting topics on multifunctional devices enabled by seam-lessly integrating energy power sources with other functional components.

Distributed Component Object Model (DCOM) is a proprietary Microsoft technology for communication between software components on networked computers. DCOM, which originally ...

Considering this, this paper proposes a multi-functional device based on SMES, encompassing both power quality enhancement and power system stability improvement capabilities.
