

IP55 Outdoor Cabinet Manufacturer

Is an IP55 electrical enclosure suitable for outdoor use?

Normally, IP55 electrical enclosure provides moderate protection against dust and water, making it suitable for outdoor use in relatively harsh environments where the unit may be exposed to weather conditions, but cannot be sprayed directly with water or submerged in water.

What is a KDMFAB IP55 enclosure?

With mounting flexibility, corrosion resistance, and potential for customization, KDMFAB IP55 enclosures are suitable for diverse environments, including outdoor and industrial settings, where reliable equipment protection is paramount.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.
