

Introduction to LONGi's latest photovoltaic panel product

LONGi Solar Panels represent a significant advancement in solar technology, combining high efficiency, durability, and a commitment to sustainability. With a wide range of models tailored to ...

Longi offers a wide range of solar panels for both residential and commercial applications, designed to meet the specific needs of different customers. For residential installations, Longi ...

In November 2022, LONGi Solar introduced its groundbreaking Hi-MO 6 series, marking a milestone in solar panel technology. The new panels utilize Hybrid Passivated Back Contact (HPBC) cell ...

LONGi Solar panels show good efficiency and reach up to 25% conversion rate. The engineers make use of the latest technologies such as multibusbars, half-cut cells, PERCs and N ...

Chinese solar manufacturer Longi unveiled a new PV module with 25.9% efficiency at the 2025 SNEC trade show this week in Shanghai, produced using both low- and high-temperature ...

Longi, the China headquartered solar PV solutions giant, has launched its latest Hi-MO X10 solar module series at an event held in Shanghai. The new modules use Longi's 2nd generation ...

With its record-breaking efficiency rates and vertically integrated manufacturing, Longi Green Energy Technology has become synonymous with high-performance solar solutions.

LONGi launched its mono-PERC modules in 2016, featuring integrated PERC technology on monocrystalline silicon and low light degradation, and its cell efficiency has increased from 21% to ...

The latest solar panel, based on its HPBC2.0 technology, opens a new chapter in the mass production of 24.8% high-efficiency solar products and continues to lead the reform of the ...

PV Solutions LONGi is more than a product supplier, offering project consultation, design, installation, procurement, commissioning, operation and maintenance, and financing expertise.
