

Modular Battery Cabinet Used in New Zealand Schools 19-inch

Why should you choose hazero battery storage cabinets?

At Hazero, we specialise in keeping Kiwis safer at work, and Lithium-ion battery storage has been high on our agenda. Our range of NZ designed and assembled storage cabinets are designed to protect your workplace and minimise the risk of faulty lithium-ion batteries igniting and causing serious damage to premises, equipment and people!

How many batteries can be stored in a lithium-ion battery storage cabinet?

Our Lithium-Ion Battery Storage Cabinets accommodate 4 batteries per compartment, with total capacities ranging from 4 stations (1 compartment) to 20 stations (5 compartments). The Heavy Duty model specifically supports 48V batteries, while other models accommodate various lithium-ion battery types with their respective chargers.

What are hazero lithium-ion safety cabinets?

Hazero Lithium-ion Safety Cabinets help keep batteries isolated and safe- providing time to clear the building and call 111 before lives are at serious risk, if the worst happens. 1. Double-Walled Steel Construction - Slows heat transfer, containing flames. 2. Self-Closing, Lockable Doors - Seals risks inside, keeping staff safe. 3.

What is a lithium-ion battery cabinet?

Our Lithium-ion Battery Cabinets are designed to minimise this risk through controlled, ventilated and secure containment. Built to meet the demands of busy industrial and commercial environments, they provide peace of mind for any business working with rechargeable battery tech.

Store lithium-ion batteries safely with our fire-resistant, AS/NZS 5139-compliant cabinets - perfect for NZ worksites, warehouses & workshops.

Protect your business from lithium-ion battery fires with Hazero's NZ-designed safety cabinets. Fire-resistant, lockable, and customisable for charging and safe storage.
