

Off-network type communication power supply cabinet for chemical plants

AZE's Outside Plant (OSP) Cabinets are robust, weatherproof enclosures designed to house and protect telecommunications, networking, and utility equipment in outdoor environments.

The Base Station Energy Cabinet is a fully enclosed, weather-resistant telecom energy cabinet designed to provide reliable power distribution and battery backup for outdoor communication networks.

Together, they form a fully digital, explosion-proof, integrated, and scalable broadcasting and communication system specifically designed for chemical plant applications.
