

Outdoor telecom enclosure for oil refineries

What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

Who makes NEMA 3R 4x heavy duty outdoor telecommunication enclosures?

AZEmade NEMA 3R,4,4X heavy duty outdoor telecommunication enclosures with an experienced engineering, production and quality assurance team, who can ensure each manufacturing process be strictly followed/controlled to build the quality outdoor cabinet and enclosures.
