What is the economy of Western Sahara?

Western Sahara has a small market-based economy whose main industries are fishing, phosphate mining, tourism, and pastoral nomadism. The territory's arid desert climate makes sedentary agriculture difficult, and Western Sahara imports much of its food.

Will microgrids be competitive with non-renewables by 2025?

Policy recommendations for microgrid based on an economic evaluation are presented. Data of 24 microgrids worldwide is evaluated using a set of economic indicators. The costs of microgrids may begin to be competitive with non-renewables by 2025. Investment-based policies may be more effective than production-based policies.

Is Western Sahara a self governing territory?

Western Sahara is a non-self governing territory on the northwest coast of Africa bordered by Morocco, Mauritania, and Algeria. After Spain withdrew from its former colony of Spanish Sahara in 1976, Morocco annexed the northern two-thirds of Western Sahara and claimed the rest of the territory in 1979, following Mauritania's withdrawal.
