

Solar power scam exposed

No information about the cost to remove or transfer solar panels, which could lead you to believe you have future options that might not be available or affordable

As solar grows in popularity, more scammers are targeting consumers. Here are three common solar scams to look out for, how to avoid them and how to report solar scams.

Avoid solar companies listed in any lawsuits. A solar company offering an unrealistically low or drastically high price could be running a scam. Get quotes from different companies before...

Scams are unfortunately common in the solar industry. Learn more about some of the most likely scams you may face when trying to go solar.

These scams start with an unexpected phone call, message on social, or even an in-person visit. The so-called official offers you an "energy audit" to reduce your utility costs. Or they might try to sign you ...

Scammers across the U.S. are going door-to-door, pitching "free" solar energy systems. Many homeowners never get any solar equipment installed; those who do often get shoddy work. ...

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading...

Everything you need to know to avoid a solar panel scam and what to do if you feel you've been a victim of predatory solar companies.

Beware of solar companies engaging in deceptive practices, including the submittal of falsified contracts. Some unethical sales representatives may lead customers to believe they are receiving an estimate ...

While rooftop solar panels are becoming increasingly ubiquitous in homes throughout the United States, the industry also has a more sinister side: a seemingly widespread problem of ...

Beware of solar companies engaging in deceptive practices, including the ...
