

Sophia high performance lithium battery pack

I specialize in designing and providing custom LiFePO₄ battery systems for applications such as UPS, electric vehicles, solar energy storage, and industrial equipment.

Explore Voltaplex's advanced lithium-ion batteries and cells for powerful and lasting device performance. Discover energy solutions designed for efficiency.

Summary: Discover how Sophia Energy Storage's low temperature lithium batteries address critical challenges in renewable energy, industrial applications, and cold-climate regions.

As electric vehicles (EVs) surge in popularity, the demand for high-performance lithium battery packs has skyrocketed. Sophia-branded lithium batteries have emerged as a game-changer in this space, ...

Our team specializes in custom battery pack specifications, actively participates in production processes, and is dedicated to supporting your engineers in developing the ideal battery pack for ...

Lithium-ion batteries can be stored for 2 to 3 years with minimal capacity loss. For best results, keep them in a cool place at around 20°C (68°F) and maintain humidity between 40-60%.

Saphiion offers advanced 12V lithium LiFePO₄ batteries, supports Bluetooth and UART or RS 485 communication features, enclosed in robust IP65/IP67 waterproof.

Specification: 1) Type: Li-ion 2) Voltage: 7.4V; Capacity: 13000mAh 3) Colour: Pearl 4) Replacement original battery model: AL23-901, 870AAQ159571 5) For original brand laptop: Asus EEE PC901, ...

“Big Battery made converting our 48v lead acid EZGO cart to lithium a breeze. Our cart is lighter, faster and the range went up dramatically using just a single Falcon Elite battery.

Here! Say goodbye to heavy lead-acid batteries and enjoy lightweight, high-performance power for your devices! Our 12V Lithium Iron Phosphate (LiFePO₄) battery pack is perfect for outdoor, EV, solar ...
