

Tender for construction of 5G base station of Dublin Communications

How much does a Metrolink contract cost in Ireland?

Transport Infrastructure Ireland (TII) has begun the process of selecting bidders to tender for MetroLink contracts, with a maximum combined contract value of EUR7.9 billion. Each contract is responsible for the heavy tunnelling, track alignment preparation, stations and structures such as bridges.

Why do we need public transport contracts in Ireland?

"By advancing these contracts, we are laying the foundations for a system that will significantly increase public transport capacity, improve connectivity to the airport and key destinations, and support Ireland's climate and sustainability objectives over the coming decades," National Transport Authority chief executive Anne Shaw said.

Will TII tenders be less than contract notice values?

TII said it expects the tenders to be "considerably less" than the contract notice values.
